Consent Agenda

A consent agenda is an effective means of managing the length of a meeting. It is normally made up of routine items that are not controversial in nature and upon which no further discussion is anticipated. Action on the consent agenda usually occurs early in the meeting with all items listed being approved by one motion and vote.

If any member of the governing body feels the need to discuss one or more of the items more fully, the item may be removed from the consent agenda and placed on the regular agenda.
