Welcome

Goals for 2018 and what was accomplished

- Each council member to discuss the goals they were accountable for

Goals for 2019 and plans to achieve them

- Park? Maybe a 2nd phase design to make sure our short-term park goals don't conflict with good design?
- Community involvement?
- Other goals?

What does current growth look like in Fairview?

What should future growth look like?

- What do we want to be when we grow up? No change?
- Is there a place for planned communities with amenities? Such as Millbridge?
- Recognition that the only thing that won't change is things will change
- How do we manage change going forward?

What do we need to put in place to manage future growth?
