

Town of Fairview

PARKS & RECREATION

Agenda

July 7, 2016 @ 6:30 p.m.

Meeting will be in the Council Meeting Room

1. Call to order ---*Chairman Clontz*
2. Public Comments:
3. Business:
 - Review and decide on color choices for park amenities
 - Park Signage
 - Memorials to Park
4. Approval of Previous Minutes:
 - a. June 2 , 2016---Regular meeting
5. Adjourn

Please provide guidance on color choices.

- Pick colors and textures for the restroom. The Town can pick 2 colors (Recommend a combination of a light and dark colors to create contrast like in the picture in the submittal).
 - a) Wall texture-Recommend Barnwood or Split face block
 - b) Roof texture-Recommend cedar shake
 - c) Wall color-Pick a color (recommend a lighter color for the wall)
 - d) Roof color-Pick a color (recommend a darker color)

- Pick colors for the picnic shelter roof and posts/columns. (Recommend matching the restroom)

- Confirm colors for the play equipment. (per 3-D drawing or suggest other)

- Please note the trash can will have a dome lid (this submittal shows a black dome lid). Please pick a color for the domed lid.

- Pick a color for the bollard.

24 Ga. Steel Panels

24-gauge galvalume roof panels with a Kynar 500 paint finish. Multi-Rib and Mega-Rib are 36" wide panels that are pre-cut in our factory to fit your shelter. Field adjustment may be necessary for proper fit. Medallion-Lok standing seam roofing is provided uncut to be cut to fit in the field by others. Matching trim in 26 ga. galvalume and fasteners are provided.

Pre-Cut SIPs

Structural panels (SIPs) that are factory-assembled, 4-5/8" thick, factory laminated and cut to fit on the structure. The composition is 7/16" OSB, 3-1/2" EPS foam core, and a 5/8" skin of T1-11 siding.

2x6 Tongue and Groove

The 2x6 tongue and groove wood roof deck is Western Lodgepole Pine, kiln dried, #2 or better, one edge V'd, one edge grooved. Fascia is cedar plank. T&G requires finished roofing materials.

Multi-Rib Panel Profile (M)

Mega-Rib Panel Profile (G)

Medallion-Lok Standing Seam Profile (S)

Standard Steel Roof Colors

Kynar 500 coated roof panels with 24 gauge Galvalume® substrate

Notes: *Roman Blue in Medallion-Lok may incur extra costs.
**Galvalume Plus is not Kynar 500 coated.

Actual Colors may vary from printed samples

Prime Painted

Factory-priming protects the steel components from corrosion throughout the shipping and erection process. The steel is cleaned to remove loose mill scale, loose rust, loose paint, and other loose detrimental foreign matter. The cleaned steel will then be prime painted with quick dry, lead and chromate free alkyd primer. Finish painting in the field is required.

Hot Dipped Galvanized

The hot-dip galvanizing process produces a zinc coating on steel products by immersion of the material in a bath of molten zinc metal. The steel to be coated is first cleaned to remove all oils, greases, soils, mill scale and rust. Because galvanized steel requires no maintenance for decades, its use in public construction is an efficient use of public funds.

E-Coat and Powder Coat

ICON's premier steel coating is a combination of liquid epoxy primer and two coats of TGIC polyester powder coating. The process is:

1. The steel is shot-blasted to the specification of SSPC-SP10 (shot-blasted to near white condition), removing all oil residue, mill scale, weld spatter and slag.
2. The steel is immersed in zinc phosphate in an eight stage pretreatment process.
3. It is immersed in an electrostatically applied liquid epoxy and coated to a uniform 0.7-0.9 mils. This E-coat totally encapsulates the part, preventing rusting.
4. A double coat of TGIC polyester powder is applied, one coat of color and one clear coating for a final finish that is 8-12 mils thick.

In highly corrosive environments, ICON recommends a hot-dipped zinc galvanizing prior to powder coating. This may produce a less smooth finish once coated.

Powder Coat Colors

(Actual colors may vary from printed samples)

ICON can coat your shelter with powders chosen from the RAL color chart. Shown are several RAL colors that have been popular on ICON projects recently. Actual colors may vary from printed samples. SELECTING AN RAL COLOR FROM THIS CHART WILL INCUR ADDED COSTS.

THEMED COLOR CHOICES

Designer...Give your playground style!

Color your playground with one of the exciting themed color combinations below, or create a custom palette with our wide selection of standard surface colors and Designer + Series paints—even match school colors! Ask your representative for information on custom color combinations.

THEMED COLOR CHOICES

COLOR CHOICES

Rock-ite® Plastic Color Choices

Roofs, Slides, Big Timber® Components, Crawl Tubes, Bongos™, Bumpers and Panels.

Miracle Exclusive Rock-ite® Plastic Color Choices

Please consult with your Miracle Representative concerning the availability of these exclusive Rock-ite® Colors on certain components.

**Town of Fairview
Parks & Recreation Advisory Committee Meeting
June 2, 2016**

The following Parks & Recreation Advisory Committee members were present: Jerry Clontz, Rachel Outen, Stan Smith, and Leon Whitley

Others present: Teresa Gregorius, Town Clerk

Public Comments

None

Items of Business

A. Park Update

Jerry Clontz stated that the Council had approved the construction bid from Eagle Wood Inc. for the park. He, Mayor Thomas and Attorney McCollum are currently reviewing the contract. Once the contract is signed, Eagle Wood Inc. estimates the construction should be completed within 150 days.

Mr. Clontz suggested that committee members review the park rules that they had worked on earlier so that the rules can be presented for Council approval in the next few months.

B. Memorials to Park

Jerry Clontz stated that the committee needed to research and obtain pricing for memorial trees and benches for the park (i.e. cost of item, installation labor and cost of plaque) so that the information can be put on the town website.

As mentioned in earlier meetings, Mr. Clontz brought up the possibility of memorial brick pavers and using them to help establish a focal point for the park. Committee member Leon Whitley will research information regarding the pavers.

Committee members discussed a park grand opening as well as possible town festivals that could be held at the park.

C. Minutes

Leon Whitley made a motion to approve the minutes of the May 5, 2016 regular meeting, the May 17, 2016 workshop meeting and the May 23, 2016 special meeting. Stan Smith seconded the motion. Members Clontz, Outen, Smith and Whitley voted yes (4-0).

Leon Whitley made a motion to adjourn. Stan Smith seconded the motion. Members Clontz, Outen, Smith and Whitley voted yes (4-0).

Respectfully submitted,

Teresa Gregorius
Town Clerk

Jerry Clontz
Chairman
