9. Council Comments:

David Link praised the recent art week event held at Town Hall, mentioning that his grandchildren had a great time and it was beneficial for newcomers to the Fairview area.

Spencer Cox provided an update on the art camp, mentioning that there was another session coming up on the fifteenth. She noted that the event had received many compliments, with some people asking for next year's dates. Ms. Cox also informed the council that the June concert had been rescheduled for the coming Sunday, July 13th, at 6 PM due to inclement weather during the original date.

Ed Humphries discussed the new metal building that the town now owns. He mentioned that the Kubota was being kept there and that they were considering investing in a second dumpster specifically for the park. Humphries also talked about informal agreements with the fire department regarding mowing and dumpster placement.

Mr. Humphries provided an update on the old fire station, mentioning that the county was planning to use it for ambulances and trailers. He discussed potential future uses for the building and the need for improvements such as concreting the floor.

The council discussed the possibility of purchasing a truck for town use in the future, as using the Kubota on highways was not ideal.
